## Evergreens for Christmas and Holidays

These evergreens carry, as nothing else can, the Christmas spirit. They breathe the beauty and fragrance of the Southern mountains, and they find a ready place in every room of most of the notable homes in America during the Christmas holiday season.

My Christmas Decorations are positively the most carefully selected and the finest to be had. My methods of packing insure delivery in perfect condition, and I guarantee satisfaction or the money will be refunded. The keeping qualities of these evergreens are unsurpassed under ordinary conditions; even in warm rooms, because of their vitality, they will retain for weeks their freshness and brilliant natural colorings.

You will find these evergreens unusual and incomparable decorations both for your own home and the homes of your friends. The cost is nominal and any of the collections will carry more real Christmas cheer than can possibly be found elsewhere.

ORDERS FOR CHRISTMAS GREENS SHOULD BE PLACED BEFORE DECEMBER 15.

Autumn planting is recommended for best re-  
sults. This will enable the roots to get estab-  
lished before Winter, and start growing in early  
Spring before Spring planted stock overcomes the  
setback of transplanting. Autumn planted Natives  
bloom well the first year and may save disap-  
pointment later.
